Dear Dan,

Congratulations and thank you for an outstanding job last evening, showcasing our seniors and the extraordinary artwork. The show is a tribute to each of you and the work that is put forth by each of the students.

It was quite obvious from talking to the students about their individual pieces they had a thorough understanding of their artistry and a great sense of pride and accomplishment. It's not surprising that so many of our students are inspired and seek further education in this field.

Thank you for providing an excellent show and for exposing our students to a quality art program at Manheim Central High School.

Sincerely,

Arlen W. Mummau
Principal
